PowerView® Scenes
POWERVIEW SCENES WORKS WITH HEY GOOGLE
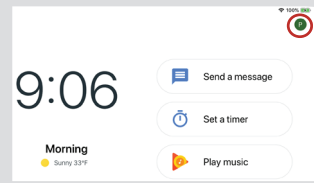

works with **Hey Google**

Getting Started

To control your PowerView® Scenes using just your voice with Google, you need:
- A PowerView® account with a PowerView® Hub* registered to the account
- A device enabled with Google Assistant connected to your Google account
- The Google Assistant App or the Google Home App downloaded and installed on your mobile device
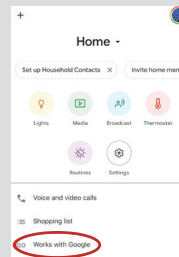

---

1 **Open the Google Assistant App *or* the Google Home App on your mobile device.**

5 **Begin activating PowerView Scenes with Google by saying commands that correspond to your PowerView Scene names.**

Examples of phrases to control your Scenes include:
- "Hey Google, activate Good Morning"
- "Hey Google, activate I'm Home"
- "Hey Google, activate Good Night"

Tips

- Before attempting to add PowerView Scenes to the Google Assistant/Home App, please ensure your PowerView Hub is registered to your PowerView account.

- Any changes made to PowerView Scenes in the PowerView App, including Scene names, additions and deletions, will automatically be updated in the Google Assistant/Home App.

- If you have multiple or similar Scene names, you can activate them at the same time with a single command, or you can activate a single Scene by saying the Action phrase, Scene name and room, i.e. "Hey Google, activate Good Morning in the Bedroom."

*A PowerView Hub, Gen 2, is required to add PowerView Scenes as devices in the Google Assistant App or the Google Home App.
